As the one that handles the marketing and social media for the Community Services Department, my job is to make sure you know about all the fun things we do year round. I graduated from California State University Monterey Bay with a BA in Teledramatic Arts and Technology. Every day I use my knowledge and creativity to produce high quality posters, flyers, email blasts and social media posts for all upcoming programs and events coming out of the department. Since starting with the City of Temecula, I have slowly added my fingerprints all over the city. Whether it’s the arch at Eagle Soar Splash Pad or branding for our programs, I try to bring my unique touch to everything we do. You may also recognize me from many of our numerous special events. I help organize and put on the City’s special events such as the Temecula Rod Run, 4th of July Extravaganza and Santa’s Electric Light Parade. Over the past couple years, I have also joined the team that produces a monthly web series called ‘Around & About Temecula’, which highlights everything the Community Services Department does for its residents. As Director of Photography/Editor for the series, I film, plan, and edit these episodes to produce a fifteen-minute show every month. I live locally with my lovely wife Nancy and son Liam and enjoy molding the community which my son will grow up in. My goal is to help keep this community one in which my family and all Temecula residents will experience their best quality of life.

I am so proud to say I have been a Temecula resident for over 20 years. When I moved to Temecula in 1999 with my three young children ages 5, 3, and 6 months old, little did I know we found our “Forever Home.” We soon found out all the amazing things that Temecula had to offer, like the fabulous public school system, beautiful parks, fun playgrounds, and the ability to sign your child up for any activity you could ever imagine. I soon realized I too could be involved on so many levels whether it be as a Room Parent, Team Mom, or member on several Board of Directors. I called myself a “Professional Volunteer.” Nine years ago, I was fortunate to become employed with the Temecula Community Services Department, working for the City I love and live in. I like to reflect back on my first job as an Attractions Hostess at Disneyland and think of how in my current position, it’s as if I’m a hostess assisting the public with their upcoming event. I oversee the Temecula Community Center, the Conference Center, and Picnic Shelter rentals for the City. Similar to facilitating the guest experience at the happiest place on earth, in my current role I facilitate the guest experience by finding the best venue for patrons. I am happy to answer any questions you may have and am available to assist you in choosing a location for your next business conference or party.

Enrolling in the appropriate level is critical for success. Every effort should be made to select the appropriate class based on age and skill level. Read the swim level descriptions carefully and if you are still unsure of which level, attend a Swim Level Assessment. If enrollment is made into a class that is not at the child’s ability, space in another class cannot be guaranteed. Please note that participants may need to take multiple sessions to successfully complete a swim lesson level.

**FREE Swim Level Assessment**

Our trained staff will assess your child’s ability and determine which level is most appropriate prior to registration. Pre-registration not required.

Temecula Pump Track
Visit the City’s new Pump Track! On November 19th the City will open an asphalt pump track – one of very few built by cities in Southern California. The pump track is a small, looping circuit of rollers, banked turns, and features that you can ride continuously without pedaling. The name “pump track” comes from the pumping motion used by the rider’s upper and lower body (instead of pedaling or pushing) as they ride around the track. Pump tracks can be ridden by cyclists of all ages and skill levels. You don’t need a special kind of bicycle – BMX bikes, mountain bikes, kids bikes, and even scooters or skateboards can all be used on the track. The pump track is not staffed and is open during regular park hours. Use of the track is free and riders ride at their own risk. The pump track does not have lights for night riding. Please note that helmets are required.

Brezent Biwak Temple
The City of Temecula currently has over 97 miles of bike lanes and close to 22 miles of trails located within the City. In 2013, the City of Temecula was recognized by the League of American Bicyclists with a bronze level award for being a Bicycle-Friendly City. In 2016, the City completed a comprehensive update of the Multi-use Trails & Bikeways Master Plan to help prioritize hiking and biking within the City. PLACES OF INTEREST

Temecula Veterans Memorials
The City of Temecula is a proud veteran-friendly community that recognizes those who have served throughout our Nation’s history at the Veterans Memorials located at the Temecula Duck Pond. “Letters Home” is a life-sized bronze sculpture of a soldier reflecting as he writes a letter home. The wall surrounding the sculpture proudly displays actual veterans’ letters home. The “Fallen Heroes Memorial” is the newest addition and features a battlefield cross cast in bronze and a steel tower supporting a life-sized bald eagle. Leading up to the sculpture, the “Path of Honor” features engraved pavers, purchased to honor loved ones who have served our country. For more information, call 951-694-6490.

Japanese Friendship Garden
This serene area located at the Temecula Duck Pond represents Temecula’s long-standing friendship with our Sister City - Daisen, Japan. The garden incorporates traditional elements of a Japanese garden and features a Torii gate, garden fox statues, traditional Japanese lanterns, a Japanese-style footbridge, and beautiful cherry trees that blossom in the spring.

“Singing in the Rain” & Dutch Tulips
A familiar sight at the Temecula Duck Pond is the “Singing in the Rain” statue that was a gift from our Sister City - Leidschendam-Voorburg, Netherlands, following the attacks of September 11, 2001. As a symbol of peace and unity between our two cities, the “Mother and Child on a Bicycle” statue was created by Voorburg resident and artist Franz Kokshoom. In 2013, another Dutch artist, Jeroen Stok, fashioned the two large stainless steel tulips you see flanking the bicycle statue.

“It’s What We Do!”

Responsible Compassion

The City of Temecula understands the concerns and frustrations of its residents surrounding the community impacts of homelessness. Public Safety is the City’s top priority, as evidenced by the continued commitment to assist those experiencing homelessness. A full time outreach administrator and four dedicated officers work diligently to responsibly address this complex social issue. Questions or concerns can be sent to: HomelessOutreach@TemeculaCA.gov

The City responds to this complicated issue through its comprehensive Responsible Compassion program. To alleviate the impacts of homelessness, the City needs residents to be both responsible and compassionate. That means directing generosity toward organizations effectively helping individuals experiencing homelessness. Well-intended actions such as giving to panhandlers may end up enabling larger problems.

The City’s efforts include:

- Partnering with law enforcement, neighboring municipalities, faith-based organizations, and select non-profits to create a cohesive network of resources, proactive outreach, and community education initiatives
- Supporting a dedicated multi-agency Homelessness Outreach Team (HOT) which works on an individual to alleviate the impact of homelessness.
- Working to educate the community about avenues for helping homeless individuals without unintentionally reinforcing problem behaviors
- Participating in annual surveys to support a data-driven approach to policies and initiatives, as well as to gain insight into regional socio-economic factors, which influence rates of homelessness in our community
- Sharing best practices with other regional agencies to improve local efforts and create a consistent climate of responsible compassion throughout the region
- Utilizing City Park Rangers, staff, and the Community Action Patrol to act as “eyes and ears” supporting the Temecula Police Department in its efforts to deter unlawful behavior and respond quickly to citizen concerns
- Leveraging social media to communicate directly with the community as well as coordinate efforts
- Utilizing the City Mobile App to respond to residents concerns
- Development of Responsible Compassion Website to be a regional avenue for shared information, resources, services, and best practices
- Outreach and In-Reach Events within the region
- Storage of personal property (as necessary)
- Management of resource guide available at ResponsibleCompassion.org

The 2019 County-wide Point in Time Homeless Survey reflected a significant decrease in the number of individuals experiencing homelessness in the City.

Q: What should I do if panhandlers approach me?
A: Your first concern should be your safety. If you feel threatened, call 911. The City encourages residents to respond to panhandlers with a respectful but firm “No.” All of our partner organizations, and law enforcement concur that giving money to panhandlers does more harm than good, and may support illegal activity including drug use. Responsible options for generosity include volunteering with or donating to any of the local organizations that work to solve homelessness in our community. See “Resources” below.

Q: When can I call the police?
A: You should always call 911 if you need emergency assistance from police or fire, if there is a medical emergency, a crime in progress or an immediate threat to public safety. For non-emergency calls, please call 951-696-4357 (951-696-HELP). The Temecula Police Department also will take action for violations of the Aggressive Solicitation Ordinance, theft of recyclables, possession of a shopping cart, public consumption of alcohol, illegal camping, loitering, trespassing, urinating in public, or other disruptive behavior.
