

# Bradley Sullivan

Public/Traffic Safety Commissioner

City of Temecula

---

## Biography:

Dr. Brad Sullivan graduated Cum Laude from the Cleveland College of Chiropractic class of 1983. While attending, he served as Class President as well as High Alpha of the Delta Tau Alpha Fraternity of the Healing Arts. Brad served as the President of the Cleveland Chiropractic Alumni Association from 1996-1998 and was Awarded Alumnus of the Year in 1999.

Brad has always believed in being of service and as such served his profession in leadership roles including as the youngest President of the California Chiropractic Association in 1993/1994. The California Chiropractic Association is the largest state chiropractic association in the country.

Following the Northridge Earthquake, Brad took a keen interest in Public Safety and specifically disaster preparedness. He was appointed as a West Hollywood Public Safety Commissioner from 1994-2001. In that role he became certified as a Red Cross Instructor in all Health and Safety courses. He was the first civilian permitted to attend training at the FEMA Academy and eventually became the lead volunteer instructor for the Los Angeles Sheriff Department CERT program.

Later Brad was asked to co-author the City of West Hollywood Emergency Preparedness Guideline and participated in a think tank for common response planning for municipalities at UCLA.

Brad retired from active practice and moved to Temecula in 2008 to be near his grandchildren. He continued his work as the Chiropractic Consultant for the International Long Shoreman Workers Union-Pacific Maritime Health Plan. He became the first elected President of the Wolf Creek HOA and continues to hold that position today. Brad was appointed to the Temecula Traffic and Public Safety Commission in 2016 where he continues to be of service to his community.
