DEVELOPMENT PLAN

Introduction

This handout summarizes Development Plan requirements (found in section 17.05 of the Development Code) for the City of Temecula.

What is the purpose and intent of a Development Plan application?

The purpose of a Development Plan Application is to ensure all new construction or remodeling of industrial, commercial, and/or multiple-family residential development is consistent with the General Plan, design standards and performance standards of the Development Code (available at TemeculaCA.gov/planning).

When is a Development Plan required?

A Development Plan is required for all residential (excluding individual single-family homes), commercial and industrial developments. For-sale tract homes should use our [Home Product Review application](#).

When several permits or multiple applications are required for the same project, a combined hearing and review process may be permitted, however separate applications shall be filed for each action requested.

How do I apply for a Development Plan?

Call the Community Development Department, (951) 694-6400, to schedule an application submittal appointment. City staff will meet with you within one to two working days to review your application materials for completeness. The application will be deemed complete at the counter if all submittal materials and fees have been provided.

Who approves Development Plan applications?

Administrative Approval*	Planning Director*	Planning Commission*
<ul style="list-style-type: none"> Administrative Development Plans Other projects as required by law 	<ul style="list-style-type: none"> Projects less than 10,000 square feet of gross floor area 	<ul style="list-style-type: none"> Projects greater than 10,000 square feet of gross floor area Projects that may have special community impacts or other unique circumstances

*All projects (unless prohibited by law) may be referred to a higher approval body, including the City Council. Projects that are historic and/or located within Old Town may require Old Town Local Review Board approval.

What are the criteria for approval?

According to the City's Development Code, in order to approve a Development Plan application, the following findings must be made:

- The proposed use is in conformance with the General Plan for Temecula and with all applicable requirements of State law and other Ordinances of the City.
- The overall development of the land is designed for the protection of the public health, safety, and general welfare.

Development Plan applications may be approved with "Conditions of Approval" which are deemed necessary to protect the public health, safety, and general welfare and assure compliance with the Development Code standards and provisions.

When does a Development Plan expire? How many times can a Development Plan be extended?

Development Plans expire after three years. In general, the Development Code permits up to five one-year time extensions for Development Plans. Additional extensions may be permissible with City Council approval.

How much will it cost?

Our fee schedule is available at TemeculaCA.gov/fees. Please reach-out to our staff at (951) 694-6400 for a fee estimate.

		1	1	X	Developer Disclosure Statement
		1	1	Y1	SB35/Affordable Housing Supplement (consult with Planning)
		1	1	Y2	Affordable Housing Overlay Zone (AHOZ) Supplement (consult with Planning)

BEFORE SUBMITTING PLEASE REMEMBER

Fees:

Fees will be required to submit your application. Visit TemeculaCA.gov/fees for fee information. Please contact a Planner at 951-694-6400 with any fee related questions. We suggest that you bring an additional check in-case your scope of work requires additional fees. Additional fees may be required while your application is being processed (for outside agencies, additional permitting requirements, etc.).

***NOTE:** Geotechnical study fees will be required after the initial review.

Appointment:

Prior to your submittal, please contact the Community Development Department to schedule an appointment at 951-694-6400.

SIGNATURES AND CERTIFICATIONS

I certify that all filing requirements have been satisfied for my application. I further understand that an incomplete application cannot be accepted for processing.

Applicant's Signature →	Date
-----------------------------------	-------------

I certify under the penalty of the laws of the State of California that I am the property owner of the property that is the subject matter of this application and I am authorizing to and hereby do consent to the filing of this application and acknowledge that the final approval by the City of Temecula, if any, may result in restrictions, limitations and construction obligations being imposed on this real property.

Owner's First Name (Printed)	Owner's Last Name
-------------------------------------	--------------------------

Owner/Authorized Agent Signature →	Date
--	-------------

NOTE

Written authorization from the legal property owner is required. An authorized agent for the owner must attach a notarized letter of authorization from the legal property owner.

Multiple parcels will require authorization from each property owner.

SECTION B**DIGITAL COPY**

Provide a digital copy (PDF) of all project files. All PDF files must follow the below requirements:

- Unlocked & unencrypted PDF format
- Merged or flattened
- The same sheet size shall be utilized (for plans)
- Plans shall utilize a landscape orientation
- Follow the City's standard filename conventions (see examples below)
- Sections with multiple sheets should be one PDF file. For example, if there are five site plan sheets, it will be one PDF file called "V1 Site Plan 1.01.17." Different sections should not be mixed (i.e. floor plans should a separate PDF from elevations).

Example Filenames for Plans

Submittal	Version #	Plan Name	Date	Actual Filename
1 st Submittal	V1	Site Plan	1.01.17	V1 Site Plan 1.01.17
2 nd Submittal	V2	Site Plan	2.05.17	V2 Site Plan 2.05.17

Example Filenames for Documentation

Submittal	Version #	Document Name	Date	Actual Filename
1 st Submittal	V1	Statement of Operations	1.01.17	V1 Statement of Operations 1.01.17
2 nd Submittal	V2	Statement of Operations	2.05.17	V2 Statement of Operations 2.05.17

SECTION C**USGS MAP & UC REGENTS CHECK**

- Provide a United States Geological Survey (USGS) 7.5' map (available at <https://store.usgs.gov/map-locator>) for the area that includes the proposed project site.
- Provide a \$60.00 check made payable to "University of California Regents" (in the memo line please put "Eastern Information Center")

SECTION D**STATEMENT OF OPERATIONS**

Provide a written Statement of Operations outlining your proposed use and business the Statement of Operations shall include:

- Title the Statement of Operations, "Section D: Statement of Operations"
- Include a date on the Statement of Operations
- A detailed description of the proposed business operations
- Hours and days of operation
- Number of employees
- Proposed private security (if required)
- Estimated number of customers
- Total number of parking spaces
- Indicate if food will be served
- Indicate if alcohol will be served
- Indicate if live entertainment will be provided

SECTION E**MSHCP INFO**

Visit TemeculaCA.gov/MSHCP. On that page, click on the report generator. Use the property's Assessors' Parcel Number (APN) to generate a report. Attach a copy of that report to this application.

SECTION F**PRELIMINARY WQMP**

State and regional water quality permits require the completion of applicable water quality documents. A preliminary Water Quality Management Plan (WQMP) will be required upon submittal. Incomplete WQMP documents will not be accepted. WQMP requirements are outlined at TemeculaCA.gov/WQMP. If you have additional questions, please contact Public Works at 951-694-6400.

SECTION G**HAZARDOUS WASTE INFORMATION**

Government Code Section 65962.5, which became effective July 1, 1987, requires the applicant for any development project to consult specified State-prepared lists of hazardous waste sites and submit a signed statement to the local agency indicating whether the project is located on or near an identified site. Under the statute, no application shall be accepted without this signed statement.

PART A – REGIONAL WATER QUALITY CONTROL BOARD HAZARDOUS WASTE SITES

Determine if your project is within a one-mile radius of a hazardous waste site.

1. Visit geotracker.waterboards.ca.gov
2. Enter your project address
3. Enter a buffer (radius) of 5,280 feet (one mile)
4. Print the map and attach it.
5. **Is the project within a one-mile radius of an identified hazardous waste site? Yes No**

REGIONAL WATER QUALITY CONTROL BOARD HAZARDOUS WASTE SITES**PART B – PUBLIC WELL PROXIMITY**

Determine if your project is within a one-mile radius of a public well site.

1. Visit <http://geotracker.waterboards.ca.gov/gama>
2. Enter your project address
3. Enter a buffer (radius) of 5,280 feet (one mile)
4. Print the map and attach it.
5. **Is the project within a one-mile radius of an identified public well? Yes No**

I (we) certify that I (we) have investigated and completed this hazardous waste site form, and that my (our) answers are true and correct to the best of my (our) knowledge.

Owner/Representative _____ Date _____

SECTION H**CHEMICAL CLASSIFICATION/QUANTIFICATION PACKET**

Provide a chemical classification/quantification packet. Consult with the Temecula Fire Department to see if this requirement is applicable to your project.

Website: TemeculaCA.gov/fireprevention

Phone: 951-694-6405

SECTION I**UNDERLYING CONDITIONS OF APPROVAL**

Provide a copy of the underlying Conditions of Approval. If original copies are needed, please submit a records request online at TemeculaCA.gov/records

SECTION J**COLOR PHOTOS**

Provide 8 1/2" x 11" color photos from the interior of the site looking north, south, east, and west with the directions labeled on each photo. Additionally, provide photos of the project site from all off site directions.

SECTION K**SITE PLAN****PLAN PREPARATIONS & GUIDELINES**

All plans shall be drawn on uniform sheets no less than 24" X 36" (or as approved by the Community Development Department). Each complete set consisting of the site plan, floor plan/roof plan, proposed structure elevations, conceptual landscape plan, photometric plan, and conceptual grading plan should be stapled together and folded into 1/8 sections with a **folded size not to exceed 8 1/2" X 11"**. All plans shall be clear, legible and accurately scaled. The site plan, landscape plan and grading plan should all be at the same scale and shall be consistent with each other.

On large scale drawings, 1"=20', or larger, it will generally be desirable to include the conceptual grading of the site on the site plan in lieu of a separate drawing (see Section C). For larger, more complicated sites drawn at a smaller scale (i.e., 1"=40'), a separate conceptual grading plan should be submitted.

Scale: Engineering scale not to exceed 1"=40'.

The following information shall be included on the plan:

- Name, address, phone, and e-mail for the following:
 - Applicant
 - Architect
 - Engineer
 - Property Owner
 - Landscape Architect
- Graphic scale (with bar scale) and north arrow
- Vicinity map
- Existing property lines in bold and label all dimensions (metes and bounds)
- Location and dimensions of all existing and proposed easements (with record reference)
- Proposed lot lines and dimensions, if applicable
- Delineate and label the minimum setbacks from all property lines
- Location and dimension of all existing and proposed structures, including building setbacks
- Location and dimension of all landscaping and pedestrian walkways (shaded)
- Location and typical dimension of drive aisles, loading zones and parking stalls
- Location of existing and proposed onsite fuel tanks
- Location and dimensions of all trash enclosure(s) (interior and exterior dimensions)
- Location of monument sign(s) (existing and proposed)
- Identify all utility locations
 - Water meters
 - Electrical boxes
 - Cable boxes
 - Phone boxes
 - HVAC (if not located on the roof)
 - Photovoltaic systems (if not mounted on the building's roof)
 - Mailbox locations

- Trash Locations
- All proposed public improvements, including cross sections
- Location, type and height of all street, parking and pedestrian lights
- Location of existing or proposed fire hydrants within 500 feet of project site
- Location of existing or proposed Fire Department connections (within 50 feet of a public hydrant and 40 feet away from the building)
- Location of existing or proposed Post Indicator Valve
- Double detector check valves for fire line locations
- Gate locations
- Label interior and exterior turning radius dimensions at entries and drive aisles for emergency vehicle access (minimum interior – 37 feet; exterior – 56 feet; wheel cuts – 50 feet)
- Location and dimension of all walls and fences
- Location of all structures, driveways, parking areas, trees and adjoining property lines within 50 feet of the perimeter of the subject property
- Zoning and existing land use of adjacent parcels
- Phasing of the project (if proposed)
- Americans with Disabilities Act (ADA) accessible routes to:
 - Entrances
 - Public right-of-ways
 - Trash Enclosures
 - Parking Spaces
 - Electric vehicle charging spaces (proposed or future)
- Location of all existing and proposed street lights (indicate any to be relocated)
- Name of utility purveyors
- Date Site Plan prepared
- Data table **must be** formatted in the following order:

<input type="checkbox"/>	Assessor's Parcel Number			
<input type="checkbox"/>	Street Address (if available)			
<input type="checkbox"/>	Legal description of the property. (i.e. Tract / Parcel Map and Lot(s)/parcel(s))			
<input type="checkbox"/>	Zoning designation			
<input type="checkbox"/>	General Plan designation			
<input type="checkbox"/>	Existing land use/proposed land use			
<input type="checkbox"/>	Total Gross Area:	square feet		acres
<input type="checkbox"/>	Total Net Area:	square feet		acres
<input type="checkbox"/>	Total Building Area:	square feet		FAR
<input type="checkbox"/>	Lot coverage:	<u>Square Feet</u>		<u>Percentage</u>
	<input type="checkbox"/> Building area	s.f.		%
	<input type="checkbox"/> Parking area	s.f.		%
	<input type="checkbox"/> Landscaping area	s.f.		%
	<input type="checkbox"/> Hardscape	s.f.		%
<input type="checkbox"/>	Parking:	<u>Spaces Required</u>	<u>Spaces Provided</u>	
	<input type="checkbox"/> Ratio/square foot of use(s)	spaces	spaces	
	<input type="checkbox"/> Number of ADA spaces	spaces	spaces	
	<input type="checkbox"/> Total Parking	spaces	spaces	
<input type="checkbox"/>	Floor Area Ratio(s)			
<input type="checkbox"/>	Occupancy classification (per California Building Code)			
<input type="checkbox"/>	Type of construction (per California Building Code)			
<input type="checkbox"/>	Indicate if building has fire sprinklers and/or alarm			
<input type="checkbox"/>	Number of stories			
<input type="checkbox"/>	Height of building (as measured from the pre-existing grade, finished grade or floor protection elevation, whichever is lowest to highest point on roof)			

SECTION L

FLOOR PLAN

Scale: The scale used on the floor plans shall be no less than 1/4" per foot. Plans must be fully dimensioned. Large projects shall be no less than 1/8" per foot with 1/4" per foot details). The Floor plans shall illustrate all proposed (and existing, if applicable) buildings and structures. The following information shall be included on the plans:

- Proposed use for each room
- Proposed square footage for each room
- Clearly label, dimension and identify:
 - Restrooms

- Exits
- Doors
- Hallways
- Corridors
- Mezzanines (proposed or future)
- Elevators
- Patio
- Stairs
- Fire sprinkler riser room
- Fire alarm control panel
- Location of Knox Box
- Location of Fire Department connection

SECTION M

CONCEPTUAL GRADING PLAN

Scale: Engineering scale not to exceed 1"=40'.

On large scale drawings, 1"=20', or larger it will generally be desirable to include the conceptual grading of the site on the site plan in lieu of a separate drawing. For larger, more complicated sites drawn at a smaller scale (i.e., 1"=40'), a separate conceptual grading plan should be submitted. A Registered Civil Engineer shall prepare grading plans.

The following information shall be included on the plan:

- Label the plans, "Conceptual Grading Plan"
- Title Block
 - Name, address, and phone and fax number, of applicant, owner and engineer
- Legend, north arrow, bar and graphic scale, vicinity map
- Data Table
 - Assessor's Parcel Number(s)
 - Project Name
 - Legal description (i.e. Tract/Parcel Map and lot(s)/parcel (s))
 - Approximate earthwork quantities (CY)
 - Date and Source of Topography (should be current)
- Metes and bounds (i.e. bearing and distance)
- Location and dimensions of all existing and proposed easements
- Existing topography, proposed grades, and natural features to 50 feet from the perimeter of the subject property at minimum two-foot contour intervals
- All slopes greater than 2:1 must be clearly labeled
- Limits of FEMA floodplains and floodways (if applicable)
- Delineation of special hazard zones (i.e., earthquake faults and liquefaction zones)
- Proposed grading, structures, curbs, retaining and /or sound walls (top and footing elevations), gutters, pavement, walks, swales, mounding, slopes, open space, trails, etc.) per the appropriate City standards
- Pad and finished floor elevations
- Location and dimension of all proposed public improvements, including cross sections
- Locations of existing public and proposed utilities (including sewer and water)
- Cross-sections at all property lines
- Driveway, street slopes and surfaces in plan view and cross section
- Drainage and flood control facilities, including size and type
- Americans with Disabilities Act (ADA) accessible routes to:
 - Entrances
 - Public right-of-ways
 - Trash Enclosures
 - Parking Spaces
 - Electric vehicle charging spaces (proposed or future)
- Cut and fill daylight lines
- Erosion and Sediment Control Plan
- Water Quality Management Plan DMA Map

SECTION N1**CONCEPTUAL LANDSCAPE PLAN (BLACK & WHITE)**

Scale: Engineering scale not to exceed 1"=40'.

The following information shall be included on the plan:

- Name, address, e-mail and phone number of applicant, architect, engineer and/or landscape architect.
- Label the plans with the project title and "Conceptual Landscape Plan"
- For initial submittals, add to bottom right hand corner of title blocks the APN, PAXX-XXXX (this will be replaced with the actual number for future submittals), date printed and submittal # (vertical view).
- Project acreage
- Landscaping square footage
- Landscaping percentage of total lot
- Graphic scale and north arrow.
- Location of all proposed buildings, paved surfaces, transformer and other utility connections, walls/fences, curbs and sidewalks.
- Roof outlines including eave overhang.
- Location, size and identification of all existing and proposed plant material, trees, shrubs and groundcover. Note on plans what is to happen to all existing plantings.
- A planting legend that identifies plant varieties (botanical and common names), sizes, quantities, and spacing.
- Location and elevation of mounding, if proposed.
- Graphically indicate all slopes, which equal or exceed 3:1.
- Graphically indicate all vehicle sight lines.
- Describe the type of irrigation system to be implemented (generally).

SECTION N2**CONCEPTUAL LANDSCAPE PLAN (COLOR)**

Provide a colored version of the conceptual landscape plan described in Section N1.

SECTION O1**PROPOSED ELEVATIONS**

Scale: No less than 1/4" (large projects no less than 1/8" with 1/4" details).

Illustrative building elevations showing all sides of proposed (and existing, if applicable) buildings and structures. Include cross-section(s) of building(s) with proposed grades.

The following information shall be included on the plans:

- Name, address and phone number, of the applicant, architect and/or engineer.
- Materials and color schemes.
- Location of building address and signs.
- Shading, as applicable, to give the elevations some graphic dimension.
- Roof top mechanical equipment screens.
- A schedule for colors and materials (which corresponds to the color and material board) and specific location of their use.
- Height of buildings with dimensions

Illustrative building elevations showing all sides of proposed (and existing, if applicable) buildings and structures. Include cross-section(s) of building(s) with proposed grades. Colors used on the color elevations shall match those used on the material sample board (See Section J) to the greatest extent possible in order to give the most accurate representation. Colored elevations are to be void of landscaping to clearly demonstrate the aesthetic impact the building(s) will create. In addition to colored elevations, colored renderings may be submitted with landscaping, however, the landscaping must conform to the planting materials indicated on the landscape plan.

SECTION O2**PROPOSED 3D PERSPECTIVE**

The 3-D color perspective rendering may be submitted as an electronic version in JPEG or PDF format or as a virtual tour (in a format capable of being incorporated into Microsoft PowerPoint and compatible with existing software of the Planning Department). The intent is to illustrate the impact that the proposed building will have on its surroundings and neighboring buildings. The proposed building image shall be superimposed into its site area and provide a 360-degree 3-D illustration of the proposed building and the existing surroundings within a

radius of 300 feet. Four views will be required from the north, south, east, and west perspective to illustrate the impact the proposed building will have as it relates to its location.

SECTION P	PHOTOMETRIC PLAN
------------------	-------------------------

Please provide a plan that meets the following minimum requirements:

- Compliance with the [Riverside County Ordinance No. 655 \(Palomar Lighting Ordinance\)](#)
- A minimum of one (1) foot-candle of illumination throughout the entire onsite parking area
- A minimum of two (2) foot-candles of illumination at entrances
- Lighting fixtures that complement the architecture of the building
- All LED fixtures shall have a color rendition of 3,000 kelvins (3,000K) or lower (Note: If within Zone A of the Palomar Observatory, please consult with Planning staff)
- All exterior fixtures shall be fully shielded

Dark Sky Friendly Fixtures can be found at darksky.org/fsa

SECTION Q	SPECIFICATION SHEETS
------------------	-----------------------------

- Residential Projects**
 - Bike racks/lockers
 - Block walls, metal fencing, retaining walls, etc...
 - Lights (street lights, common area lights, pedestrian lights, garage lights, and patio lights). All lights shall be 3,000K or below and dark sky friendly)
 - Garage doors (enhanced)
 - Mailboxes
 - Pavement materials (enhanced materials such as pavers, bricks, etc...)
 - Playground or other outdoor amenities
 - If colored window frames are used, specification sheets shall be provided demonstrating the availability of the colored window frames
- Commercial Projects**
 - Bike racks/lockers
 - Block walls, metal fencing, retaining walls, etc...
 - Lights (street lights, common area lights, wall packs, and pedestrian lights). All lights shall be 3,000K or below and dark sky friendly.
 - Employee break area amenities
 - Pavement materials (enhanced materials such as pavers, bricks, etc...)

SECTION R	MATERIAL SAMPLE BOARD
------------------	------------------------------

Size: No larger than 8 ½"x11". An 8 ½"x11" photo of the board shall also be provided for the file. The material sample board is intended to provide a fair representation of the major exterior materials to be used on the project together with colors and stains. The color and material board shall be used in conjunction with the schedule on the elevations in order to determine the specific location and use of colors and materials. The board should be of rigid material (cardboard or foam board, not wood) and have small samples or photographs of the materials. Color samples should be accompanied with manufacturer's name and identification number and should correspond to the materials. Material boards will be returned after final approval of the project.

SECTION S	PRELIMINARY TITLE
------------------	--------------------------

A digital copy of the preliminary title report shall be provided with all referenced supporting documents.

SECTION T**PRELIMINARY SOILS AND GEOTECHNICAL REPORT**

Please provide a Soils and Geotechnical Report. **Note: Separate fees will be required after the initial review.** Consult with the Temecula Public Works Department to see if this is applicable to your project.

Phone: 951-694-6405

Website: TemeculaCA.gov/374

SECTION U**RECORDED MAP**

Provide a copy of the Recorded Map.

SECTION V**DEVELOPER DISCLOSURE STATEMENT**

Provide a completed Developer Disclosure Statement. The Developer Disclosure Statement can be found at the end of this packet.

SECTION W**REQUESTED CONCESSIONS**

This section **only** applies to affordable housing projects that are seeking concessions. Provide a **detailed** list of **all** requested concessions. Also provide **detailed** justification for the concessions and why the concessions are necessary to make the project viable. An incomplete list of concessions and corresponding justifications will make the application incomplete.

SECTION X1**PUBLIC NOTICING REQUIREMENTS**

NOTE: The following will be required prior to the public hearing but is not required for the initial submittal.

The following information may be obtained by requesting a "Radius Package" from a title insurance company.

The following items will be required prior to scheduling the application for public hearing:

1. **TWO** identical packages to be inserted in separate 9 1/2" x 12 1/2" manila envelopes. These envelopes shall indicate the case number and the word "labels," and shall contain the following:

a. One typed set of gummed labels (**30 labels per sheet**) indicating all the property owners' names and the mailing addresses that are within a 600-foot radius of the exterior of the proposed tract boundaries (this list shall be ascertained from the last equalized assessment roll). The Planning Application Number shall be located on all label sheets.

***A minimum of the 30 nearest individual property owners (persons owning multiple properties shall only be counted once) shall be provided. Applicant is responsible for crossing out all duplicate labels.**

b. A photocopy of the aforementioned labels.

c. One label for the representative/engineer.

d. One label for the owner.

2. Four typed sets of gummed labels of the owner, engineer, and representative with their mailing addresses. Do not include duplicate sets where representative and owner, etc., are the same. These should be inserted in a letter-sized envelope and stapled to the outside of one of the large manila envelopes mentioned in item 1 above.

3. Certification by the Title Company, engineer, or surveyor that the above list is complete and accurate. The Tax Assessor's Office will not prepare or certify the property owner list (see certification form attached).

4. On a copy of your assessor's parcel map show all the parcels within the noticing radius. On the map, print the names of all property owners within the noticing radius as they are listed on the gummed labels.

SECTION X2-X6**PUBLIC HEARING REQUIREMENTS**

- Spiral Bound Color 11" x 17" reductions of all exhibits
- Final 3D Color Renderings
- Full Size Plans, Elevations, Floor Plans, Grading Plans, and Landscape Plans Folded to 8 1/2" x 11"
- An Updated Developer Disclosure Statement (found at the end of this packet)
- A Final Copy of All Project Plans and Documentation
