This handout summarizes Temecula's Certificate of Historical Appropriateness requirements. Certificate of Historical Appropriateness requirements are specified on page III-45 of the Old Town Temecula Specific Plan.

### ***When is a Certificate of Historical Appropriateness required?***

A Certificate of Historical Appropriateness is required when an owner or person authorized by the owner requests to alter, demolish or construct a building or structure within the Old Town Historic Preservation District.

### ***How is a Certificate of Historical Appropriateness processed?***

Prior to submitting an application please consult with the Planning Department to determine what level of review that will be required for your project. The Planning Director will determine the level of review that will be necessary for the proposed Certificate of Historical Appropriateness application.

### ***How do I apply for a Certificate of Historical Appropriateness?***

A call is placed to the Community Development Department, (951) 694-6400, to schedule an application submittal meeting. City staff will meet with you within 1 to 2 working days to review your application materials for completeness. The application will be deemed complete at the counter if all submittal materials and fees have been provided.

### ***Who is the approval authority?***

- Level one project do not require Old Town Local Review Board review and are regarded as minor alterations to existing structures. If the proposed project is deemed appropriate through the administrative "staff only" review, the project may be granted a Certificate of Appropriateness.
- Level Two Projects require review by the Old Town Local Review Board and the Development Review Committee prior to the Director's or Planning Commission's action.

### ***What are the Criteria for Approval?***

- Certificate of Historical Appropriateness applications are reviewed to insure that they are in accordance with the design guidelines contained within the Old Town Temecula Specific Plan.
- The proposed use is in conformance with the General Plan for Temecula and with all applicable requirements of state law and other ordinances of the city.
- The overall development of the land is designed for the protection of the public health, safety, and general welfare.

Development Plan applications may be approved with "Conditions of Approval" which are deemed necessary to protect the public health, safety, and general welfare and assure compliance with the development code standards and provisions.

### ***Where can I review General Plan, Design Guidelines and Development Code?***
