

Andy Black

Small Business Owner

Candidate Statement

Andy Black has been a resident of Temecula for 23 years, and has had ties to the area since 1977. Like many Temecula residents, Andy and his wife, Karen, came to Temecula to find a peaceful neighborhood with strong community ties, good schools and great opportunities. It is here they raised 2 daughters and started 2 businesses.

Andy believes the City Motto- “Old Traditions, New Opportunities”, has more meaning today than ever before. The events of 2020 have challenged us all, and communities too. The initiatives and programs a community undertakes today will make an impact for years to come. Temecula must continue to attract new business opportunities that can continue to support the quality of schools, safety of her residents and the environment. Temecula leadership must continue to ensure that its residents have all the opportunity to thrive and grow- whether they are our young people looking for first opportunities in life, all the way up our most seasoned citizens looking for the opportunity to enjoy their golden years.

Finding New Opportunities, Remembering our Traditions. This is why Andy Black should be District 2 City Council member.
